README

View all the Logos

```
{
        logos {
                _id
                text
                color
                fontSize
                backgroundColor
                borderColor
                borderRadius
                borderWidth
                padding
                margin
                lastUpdate
        }
}
```

View one thing from the logo

```
query{
        logo(id:"5e94b5a1f96e8566b0bd48c3"){
                lastUpdate
        }
}
```

View one component of all the logos

```
query{
        logos{
                text
        }
}
```

View all the components of one logo

```
query{
        logo(id:"5e94b5a1f96e8566b0bd48c3"){
                _id
                text
                color
                fontSize
                backgroundColor
                borderColor
                borderRadius
                borderWidth
                padding
                margin
                lastUpdate
        }
}
```

Add a Logo

```
mutation{addLogo(
        text:"abc",
         color: "#ff5733",
        fontSize: 12,
        backgroundColor: "#a569bd",
        borderColor: "#707b7c",
        borderRadius: 10,
        borderWidth: 10,
        padding: 10,
        margin: 10)
  {text, color, fontSize, backgroundColor, borderColor, borderRadius, borderWidth, padding, margin}
  }
```

Update a Logo

```
mutation{updateLogo(
  id: "5e94dfc1f96e8566b0bd48c8",
        text:"abc123",
 color: "#ff5733",
        fontSize: 12,
        backgroundColor: "#a569bd",
        borderColor: "#707b7c",
        borderRadius: 10,
        borderWidth: 10,
        padding: 10,
        margin: 10)
  {_id, text, color, fontSize, backgroundColor, borderColor, borderRadius, borderWidth, padding,
margin}
 }
```

Remove a Logo

```
mutation{removeLogo
        (id:"5e94dfc1f96e8566b0bd48c8")
        {_id}
 }
```
